

SODIAL

United to nourish better

AT SODIAAL, WE ARE COLLECTIVELY COMMITTED
TO NOURISH PEOPLE IN A BETTER WAY.

SODIAAL is the largest dairy cooperative in France. It is governed by and for its 20,000 members, including 12,541 dairy farms all over France.

Since the cooperative was founded more than 50 years ago, its purpose has remained the same: we cooperate to nourish people in a better way.

At SODIAAL...

- **We believe the unique quality** and richness of our milk come from the care and respect we give our animals and our land.
- **We believe the farmers' skills** and know-how are essential ingredients and that's why we uphold a sustainable farming model based on human-sized farms.
- **We believe in transparency between members and elected managers** and also between our consumers and our food.

- Human solidarity
- Milk quality and traceability
