

At EUROSERUM, we believe that nutrition is key for a balanced, happy life. We think that everything begins with the right ingredients: natural and nutritional.

Thus, we commit everyday to support our customers in their development projects and create with them, and for them, the ingredients that will shape tomorrow's daily food and infant milk formulas.

NOURISHING THE FUTURE TOGETHER

WE REVEAL THE BEST OF WHEY & MILK FOR YOUR PRODUCTS

WE PROVIDE YOU WITH THE RIGHT INGREDIENTS TO OFFER BABIES A GOOD START IN LIFE

For 40 years, EUROSERUM has been partnering with major infant milk producers in the world to help them design the future of infant nutrition. Committed to supplying the right dairy ingredients, EUROSERUM brings its long-established experience to valorize whey and milk, an expert supply-chain and the involvement of passionate co-workers.

FOR HIGH-QUALITY INFANT MILK FORMULAS

- **SICALAC 70, SICALAC 90**
70% and 90% demineralized whey powders
EUROSERUM's demineralized whey powders are source of lactose and proteins, two key ingredients for infant milk formulation, and have a reduced mineral content.
- **SICAPRO 35**
Whey protein concentrate at 35%
EUROSERUM proposes a new WPC 35 that contributes to protein intake in infant formulas. SICAPRO 35 provides all the essential amino acids, including a significantly high rate of tryptophan.
- **SICASWEET 95**
90% demineralized whey permeate
As a source of lactose (>95%), SICASWEET 95 can be used to complement whey proteins to adjust lactose/proteins ratio.
- **SKIMMED MILK POWDERS**
EUROSERUM markets high-quality skimmed milk powders that are sourced from SODIAAL's french milk collection.

FOR PREMIUM 100% SHEEP/GOAT INFANT MILK FORMULAS

- To support its clients in their markets evolutions, EUROSERUM has developed references issued from goat/sheep dairy collection.
- **SICAYANG 70 SGP, SICAYANG 90 SGP**
70% and 90% demineralized sheep/goat whey powders
 - **SWEETGOAT**
Demineralized goat permeate, source of goat lactose

FOR ORGANIC INFANT MILK FORMULAS

- Our organic dairy ingredients benefit from an expert and sustainable French supply chain meeting high quality standards.
- **SICALAC 70G, SICALAC 90G**
70% & 90% demineralized organic whey powders
 - **ORGANIC SKIMMED MILK POWDER, infant grade**

YOUR PARTNER TO BRING THE BEST OF DAIRY, AT EVERY STAGE OF PEOPLE'S LIVES

Thanks to a wide range of dairy ingredients, we can offer you the right ingredients to enhance your daily food products: adding functional, nutritional or organoleptic properties to your recipes.

FOR HIGH-QUALITY, TASTY AND NUTRITIONAL DAILY FOOD

- **SICACREAM HF**
Functional dairy ingredient for ice creams
SICACREAM HF is a sweet whey with high functional properties thanks to microparticulation process. Thanks to its enhanced proteins' natural properties, SICACREAM HF adds foaming and organoleptic functionalities to achieve delicious and extremely creamy ice creams.
- **SICALAC 40, SICALAC 50**
40% to 50% demineralized whey powders
As slightly demineralized whey powders, SICALAC 40 and SICALAC 50 have a reduced rate of mineral salts that provides a sweet milky taste to food recipes like chocolate confectioneries.
- **SICALAC HC**
High heat stability sweet whey powder
Thanks to its excellent heat stability, SICALAC HC can be used in formulation processes requiring thermal treatment, while preserving quality and functionalities. SICALAC HC is suitable for sweet condensed dairy or dairy drinks. Can also be used in toddler infant milk formulas.

- **SICALAC**
Sweet whey powder
Rich in lactose and whey proteins, SICALAC is a versatile ingredient that can be incorporated in many food applications.
- **SICASWEET 95**
90% demineralized whey permeate powder
SICASWEET 95 is a source of lactose (>95%) with a balanced sensory profile and a sweet milky taste particularly interesting for dairy drinks or chocolate recipes.
- **BONIGRASA, BONISUN**
Fat-filled whey powders
Bringing fat, lactose and proteins, these ranges are cost effective solutions as a milk and fat replacer in many recipes of pastries, chocolate confectionary, beverages and ice creams.
- **SKIMMED MILK POWDERS, food grade**
From 100% French integrated supply chain.
- **PERMEATE, BUTTERMILK**

TOGETHER, LET'S MAKE THE WORLD GREENER

- To help you give your customers the opportunity of choosing organic, we have developed a range of organic ingredients.
- **SICAPRO 60 ORGANIC**
60% milk protein concentrate, rich in micellar caseins
With a high rate of proteins and texturizing properties, SICAPRO 60 is adapted to protein-enriched products, fresh dairy and processed cheese recipes.
 - **ORGANIC SKIMMED MILK POWDERS, food grade**
